Profile:

Hey there! I am a digital designer based in the south coast of England. I like to think of myself as a well rounded designer. I have a huge passion for digital mediums and a forward thinking attitude to user experience and design and development strategies. I'm often trying out the latest prototyping tool or looking to learn my next programming language. Straddling the line between designer and developer I like to get stuck in with any and all tasks of a project.

Experience:

Kingdom London

Digital Designer

(May 2014 - Present)

Alliance Boots

Dispenser

(2009 - Present)
